

Capture the Profit Potential of On-Line Sales with NTP's RV Web Connection On-Line Catalog.

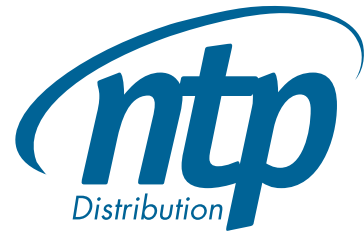

Profiting from web sales has never been easier. When you sign up for NTP Distribution's **RV Web Connection** program we'll give you a link to place on your web site. Then, your customers can click through from your web site to the RV Web Connection shopping site to access all NTP's non-hazardous, UPS-able products. We will fill the order, ship it to your customer and collect their money.

At the end of **each quarter you'll receive a report** on the customers that came from your web site **and credit** for all sales and credit for all sales. What could be easier? And retail customers can **only enter the RV Web Connection from a dealer site**, so you can be sure you'll receive the **proper credit** for sales to your customers.

Better yet, there is **no annual fee** for this service and **no minimum commitment of printed catalogs**. You will receive credit for the retail price of the product minus your net jobber price and less an RV Web Connection fee of 12% of your net jobber price of the products sold.

The normal retail price shown to customers that arrive from your web site will be the same as your in-store pricing. However, you can **set your own on-line retail pricing if you prefer**. Simply tell us what percentage you would like to multiply the suggested retail price by and all products will be changed. The multiplier must apply to all products. you can charge more or less than the suggested retail. **You're in control.**

To get started, fill in the order form on the reverse side of this page and fax it to 888-570-0342. You'll also find an order form on-line at www.ntpdistribution.com. Questions can be answered by your sales consultant.
